

# BIOSURANCE™ MD PRODUCTS

**Companies developing, manufacturing and selling medical devices need comprehensive cover that's quick and easy to buy and meets the demands of their unique industry.**

BioSure™ MD is designed to surpass these expectations and all at a very competitive price.

Most companies selling medical devices to hospitals or healthcare professionals are eligible for BioSure™ MD and our experienced team will consider companies of all sizes.

## BROAD COVER

BioSure™ MD is a multi-class policy targeting key exposures for a wide range of medical device companies.

Features include:

- A comprehensive multi class policy including products liability, business interruption, third party liability, property cover, errors and omissions and clinical trials
- Products liability includes efficacy (failure to function)
- Global jurisdiction, including USA available
- Property covered throughout the supply chain and whilst in transit, with resultant business interruption also included
- Special perils such as contamination, machinery breakdown, spoilage of perishable stock and ideologically motivated attack are available on request
- Our 'flexible first loss' business interruption provides cost effective cover with no average clause and no monthly sublimit
- Broad appetite for all types of medical device companies

## LIMITS, DEDUCTIBLES AND PREMIUMS

BioSure™ MD provides broad, specialist liability cover, including:

- Limits of liability available up to \$5,000,000
- A range of reinstatement options available
- Deductibles start from \$1,000
- Premiums start from as little as \$1,000
